Feb 14 First reading, referred to Natural Resources.

HB 2081 by Representative Dunn

Providing for hiking-only trail passes.

Declares an intent to ensure that there will always be adequate funding to protect the natural areas of the state. At present, hunters and fishers contribute license fees, but there is still a very heavy reliance on the general fund for the support of nonconsumptive users who require and use hiking trails.

Declares an intent that nonconsumptive users of our natural environment be given the opportunity to support their recreational interests and use of hiking trails in a meaningful and equitable fashion.

Establishes the hiking-only trail pass program. A person using a hiking trail that is designated as a hiking-only trail, located on public land in the state, must have in his or her possession a valid hiking trail pass.

Provides that a hiking-only trail pass costs two dollars and fifty cents for a one-day pass, and fifteen dollars for an annual pass. Of that amount, the vendor of the pass may retain fifty cents, and the department of fish and wildlife may retain twenty-five cents.

Requires revenue received by the department of fish and wildlife to be deposited in the state wildlife fund established in RCW 77.12.170. The remaining revenue must be deposited into the hiking-only trail pass account, established in this act.

HB 2102 by Representatives Poulsen, Crouse, Campbell, Kenney, Linville, Conway, Ruderman and Schual-Berke; by request of Governor Locke

Creating the diversification of electricity supply and demand management act.

Requires that by January 1, 2007, and each year thereafter through December 31, 2011, each electric utility shall ensure that at least five percent of its resources used to serve its Washington customers are qualified diversity resources. Of the five percent, not less than one and one-quarter percent must be alternative energy resources and not less than one and one-quarter percent must be conservation and efficiency resources.

Requires that, by January 1, 2012, and each year thereafter, each electric utility shall ensure that at least ten percent of its resources used to serve its Washington customers are qualified diversity resources. Of the ten percent, not less than two and one-half percent must be alternative energy resources and not less than two and one-half percent must be conservation and efficiency resources.

Declares that an electric utility that as of March 1, 2001, owns or has under contract sufficient resources to meet one hundred percent of its forecasted needs to serve its customers is exempt from this act until such time as those resources are no longer sufficient to serve at least ninety-five percent of its forecasted needs.

Provides that a small electric utility that purchases all of its electric supply from the Bonneville power

administration is exempt from this act in any year for which the Bonneville power administration does not offer, when the contract for purchase is executed, resources that enable the utility to comply with this act.

Expanding sales methods for ferry tickets.

Authorizes the department to enter into contracts with private vendors to sell ferry tickets and medium at locations other than Washington state ferry terminals or facilities. The department may enter into the contracts only:

- (1) With private vendors that are already established businesses offering goods for sale to the general public; and
- (2) If it determines that the vendor's established location has the potential to serve a significant percentage of the customers using a particular ferry route.

-- 2001 REGULAR SESSION --

Feb 14 First reading, referred to Transportation.

HB 2104 by Representatives Rockefeller, Sump, Pearson and Doumit

Providing for an increase in forest fire protection funds.

Declares that it is the policy of the state that the costs of fire protection be equitably shared between the forest protection assessment account and an equivalent state match to ensure that there will be sufficient fire fighters who are equipped and trained to respond quickly to fires in order to keep fires small and manage those large fires that do occur.

Declares that immediate increases in the state's equitable share for forest protection are necessary to stabilize the funding for the forest protection program, and that sufficient state funds must be committed to the forest protection program so that the recommendations contained in the 1997 tridata report can be implemented on an equitable basis by the end of the 2005-2007 biennium.

-- 2001 REGULAR SESSION --

Feb 14 First reading, referred to Natural Resources.

HB 2105 by Representatives Sump, Doumit, Pearson, Rockefeller and Woods

Modifying provisions related to small forest landowners.

Requires the small forest landowner office to develop criteria to be adopted by the forest practices board in a manual for alternate management plans or alternate harvest restrictions. These alternate plans or alternate harvest restrictions shall meet riparian functions while requiring less costly regulatory prescriptions.

Declares that alternate plans are intended to provide flexibility to landowners by allowing low-impact activities that will still provide protection of riparian functions based upon specific field conditions or stream conditions on the landowner's property.

Provides that, if a landowner is unable to obtain a forest practices application for any of his or her land because of regulatory impacts, the landowner may still qualify as a small forest landowner under this act.

Requires the small forest landowner office to determine the compensation to be offered to a small forest landowner who is unable to obtain a forest practices application because of regulatory impacts.

Provides that, for small forest landowners who are unable to obtain a forest practices application for any of his or her land because of regulatory impacts, the compensation offered must be in the amount of fifty percent of the value of the timber that cannot be harvested.

Creating a task force to study the state's exercise of authority under the federal forest resources conservation and shortage relief act.

Finds that a joint select legislative task force, assisted by an advisory committee, should be established to evaluate and make recommendations regarding the state exercise of authority under the forest resources conservation and shortage relief act, and also to identify and evaluate factors that contribute to the amount of competition for state and local government timber sales.

-- 2001 REGULAR SESSION --

Feb 14 First reading, referred to Natural Resources.

HB 2108 by Representatives Talcott, Haigh, Kenney, Santos and Schual-Berke

Providing school districts the opportunity to waive fees for traffic safety education.

Provides that any district that maintains a traffic safety education course under RCW 28A.220.030, and imposes a fee for enrollment or participation in its traffic safety education course under RCW 28A.220.040, may waive the fee or fees for a student who has demonstrated that he or she has met the state's tenth grade standards for reading and writing as defined by the academic achievement commission.

Does not require districts to pay for or reimburse the cost of student-selected programs offered through outside providers.

Declares that this act is not intended to require funding of traffic safety education courses as part of basic education funding.

HB 2113 by Representatives Marine and Mielke

Adding a local impact surcharge to ferry fares.

Provides that the schedule of charges adopted under this act must include a local impact surcharge to be assessed in addition to the base tariff amounts. A twenty-five cent surcharge must be assessed on each ticket sold by the ferry system for passage on a Washington state ferry.

Requires the surcharge collected from tickets purchased on a route to be placed in a separate account and divided equally between the cities or towns that the ferry route travels between. If a ferry terminal for a route is not in an incorporated city or town, the surcharge distribution must be made to the county containing the terminal.

Requires the local government entity receiving revenue from the surcharge assessed under this act to use the proceeds to mitigate the local roadway and parking impacts of vehicle traffic from ferries.

by request of Governor Locke and Superintendent of Public Instruction)

Creating alternative routes to teacher certification.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds and declares: (1) Teacher qualifications and effectiveness are the most important influences on student learning in schools.

(2) Preparation of individuals to become well-qualified, effective teachers must be high quality.

(3) Teachers who complete high-quality alternative route programs with intensive field-based experience, adequate coursework, and strong mentorship do as well or better than teachers who complete traditional preparation programs.

(4) High-quality alternative route programs can provide more flexibility and expedience for individuals to transition from their current career to teaching.

(5) High-quality alternative route programs can help school districts fill subject matter shortage areas and areas with shortages due to geographic location.

(6) Regardless of route, all candidates for teacher certification must meet the high standards required by the state.

Creates a statewide partnership grant program to provide new high-quality alternative routes to residency teacher certification.

Requires the state institute for public policy to submit to the education and fiscal committees of the legislature, the governor, and the Washington professional educator standards board an interim evaluation of partnership grant programs funded under this act by December 1, 2002, and a final evaluation by December 1, 2004.

SB 6018 by Senators McDonald and Morton

Providing incentives for water-efficient irrigation systems.

Finds that significant water savings could be realized through the installation of more efficient irrigation systems such as trickle irrigation systems where climatically and economically suitable.

Finds that positive economic incentives, establishment of necessary legal procedures, and removal of legal barriers are needed to stimulate the development of workable technologies and farming systems that rely on lesser quantities of water.

Declares that the purpose of this act is to stimulate the use of water-efficient irrigation systems by allowing the saved water to be voluntarily transferred by the water right holder. Additionally, the purpose is to allow private, as well as public, investment to provide improved market-based incentives for adopting water saving technologies and to allow the benefits of the conserved water to be fully realized.

Declares an intent that sufficient protections be provided to assure that existing water users are not adversely affected by transfers approved under this act.

Creating the diversification of electricity supply and demand management act.

Requires that by January 1, 2007, and each year thereafter through December 31, 2011, each electric utility shall ensure that at least five percent of its resources used to serve its Washington customers are qualified diversity resources. Of the five percent, not less than one and one-quarter percent must be alternative energy resources and not less than one and one-quarter percent must be conservation and efficiency resources.

Requires that, by January 1, 2012, and each year thereafter, each electric utility shall ensure that at least ten percent of its resources used to serve its Washington customers are qualified diversity resources. Of the ten percent, not less than two and one-half percent must be alternative energy resources and not less than two and one-half percent must be conservation and efficiency resources.

Declares that an electric utility that as of March 1, 2001, owns or has under contract sufficient resources to meet one hundred percent of its forecasted needs to serve its customers is exempt from this act until such time as those resources are no longer sufficient to serve at least ninety-five percent of its forecasted needs.
